## NEWS OF THE WORLD.

Customs House Seizure at Montreal.

## A UTAH WOMAN'S SCHEME.

Ohio Legislators Abandon Their Posts of Duty—Interesting Racing Events.

[Special to the Herald by the Associated Press.]

MONTREAL, May 7.—For some time past the customs authorities have understood that the firm of Paterson, Kinsack & Co. were passing goods at a low valuation. Prominent General Thomas, Governor Abbott of New Jersey, later Senator John Sherman, Congressman Grover and Congressmen Butterworth of Ohio, and Gen. Stewart L. Woodford also arrived and endeavored to send the platters. Mayor Griggs had made temporary chairman and spoke briefly of the objects of the meeting. Resolutions were passed enjoining Griggs and the firm to make a full disclosure of the company's affairs and congratulating England on the progress in public sentiment which had permitted the introduction of the bill.

Racing. After the resolutions were passed O'Donnovan Ross arose and demanded an amendment, and protested again praising Gladstones. His voice was lost in the roar of the audience. The resolutions will be presented to Messrs. Gladstones and Parnell by Mr. J. O'Donnaghue, who will sail with them for Liverpool to-morrow.

## A GOOD SCHEME.

An Opportunity for Mormon Women to Escape.

WASHINGTON, May 7.—Mrs. Wm. W. Adams, representing the Industrial Home, an incorporated institution, of Utah, addressed the Senate Committee on Education and Labor to-day, advocating an appropriation for the support of that institution. She is endorsed by the Utah Commission, by Chief Justice Zane and his associates, by ex-Governor Murray and the Gentile clergy of the Territory. The object of the institution is to fit for self-support such of the women and girls of Utah as will be able to engage in the various avocations of life.

The institution is to be conducted on the principles of the Industrial Home, and to care for the widow, parentless and destitute, the horrors of polygamous life as heredity, the bane of the Gentile race, will be removed, many Mormon women who are now in a condition of slavery, would be released. The Mormon Legislature, she said, could not be depended on, of course, to support any institution of this kind. The Gentiles of the Territory who were the chief supporters of the institution could identify themselves with it, since that would result in business ostracism, and the Gentile missionaries had not the means to support it.

Mr. Adams represented the local sentiment among the Gentile portion of the Utah community as favoring, first, the government of the Territory, the government, and, second, the dismemberment of women in the Territory.

## FEELING LEGISLATORS.

Ohio Senators Abandon Their Posts of Duty.

CHATTANOOGA, Tenn., May 7.—Fourteen Democratic members of the Ohio State Senate arrived in this city to-day in a special car and are occupying the car which stands in the Cincinnati & Southwestern railway yard. They left Columbus, Ohio, secretly Tuesday night, met at Cincinnati, and from thence, they came to this for Chattanooga. They left the State of Ohio in order to go beyond the jurisdiction of process which might be issued by the sergeant-at-arms of the Senate. They state that they are entirely standing by the constitutional rights and have no intention or disposition to obstruct legislation. That the appropriation bill has been passed and is important to the disposer of the Senate to leave their State to preserve the constitution of their State and defeat the plans of scheming politicians. They are firm in their determination not to yield an inch and will remain until a compromise is effected.

## THE TURF.

Races at Brighton Beach and Other Points.

BRIGHTON BEACH, May 7.—Pool racing was stopped here to-day by order of the District Attorney of Kings county. Books were made and bets paid on the quiet, however.

In the first race for maidens, three years and upwards, three-quarters of a mile, Fledgling, two lengths, W. E. Bissell and son, Gander, third.

In the second race, steeplechase, one mile, General Price won by a head, Compensation second, Joe Sherry third. Time, 2:12.

In the third race, handicaps, 14 miles, Lord Beaconsfield won by a head, Winsfield second, Delahill third. Time, 3:54.

In the fourth race, steeplechase, two and one-half miles, Hazards second, Judge Griffith third. Time, 1:34.

Memphis Races.

MEMPHIS, May 7.—Track heavy. First race, selling, three-quarters of a mile—Miss Daly won by three lengths, Jim Nave second, Vitello third. Time, 1:20.

Second race, three-quarter of a mile—Bowing won by three lengths, Red Buck second, Primrose third. Time, 1:20.

Third race, Montgomery stakes, one and one-quarter miles—Modesty won by a length, Funks second, Editor third. Time, 2:12.

Fourth race, steeplechase, one and one-half miles, Ultimatum won by a half length, Logan second, Topay third. Time, 1:55.

Fifth race, hurdles, about a mile and one-eighth—Judge Jackson won by ten lengths, Slocum second, Ascot third. Time, 2:01.

Lexington Races.

LEXINGTON, Ky., May 7.—Weather fair, track heavy.

First race, mile—Rico won by ten lengths, Brevet second, Felt third. Time, 1:51.

Second race, Bush stakes, five furlongs—Palin won by four lengths, Duhon second, Mulligan third. Time, 1:08.

Third race, mile—Malva B. won by two lengths, Nivole second. Time, 1:02. Only two ran.

Fourth race, one and one-eighth mile—May Lady won by a length, Mulligan second. Time, 2:06. Only two ran.

An American Schooner Sailed.

HALIFAX, N. S., May 7.—Two or three American fishing schooners have appeared in the basin at Digby within the past day or two for the purpose of buying bait. In response to a telegram the government has issued a circular禁令 (禁令) giving chase to the David J. Adams of Gloucester, overhauled her and took her back to Digby, from whence he can be taken to St. John without any cause for violating the fishing laws. The Adams was put in charge of a prize crew to-night and thirteen members of the crew were taken to St. John.

Several of the men belong in Campbell, N. S. Captain Kimball is about 25 years old, and said he is not particularly anxious to be taken to St. John without any cause for

## HOME RULE.

A Monster Meeting in New York Favoring It.

NEW YORK, May 7.—The Irish Home Rule meeting at the Academy of Music to-night was a great success. Among those on the platform were Eugene Kelly, Prominent General Thomas, Governor Leon Abbott of New Jersey. Later Senator John Sherman, Congressman Grover and Congressmen Butterworth of Ohio, and Gen. Stewart L. Woodford also arrived and were elected to speak on the platform. Mayor Griggs had made temporary chairman and spoke briefly of the objects of the meeting. Resolutions were passed enjoining Griggs and the firm to make a full disclosure of the company's affairs. The resolutions will be presented to Messrs. Gladstones and Parnell by Mr. J. O'Donnaghue, who will sail with them for Liverpool to-morrow.

The Brethrens Strike Ended.

CHEYENNE, Wyo., May 7.—The brakemen strike has ended all along the line of the Union Pacific. The late obstructions at Laramie and Rawlins have been removed. All of the men offered to return to work and most of them accepted by General Superintendent Dickenson. The large banquet hall was filled to represent the 2000 men who had gathered to witness the strike. The following day the strike was officially declared over.

Pensions. After the resolutions were passed O'Donnovan Ross arose and demanded an amendment, and protested again praising Gladstones. His voice was lost in the roar of the audience.

Washington. The resolutions will be presented to the firm by Mr. J. O'Donnaghue, who will sail with them for Liverpool to-morrow.

Life and Death.

## Meeting of the Native Sons of Ohio.

### ENDORSEMENT OF HOME RULE.

Indications of a Gloomy Outlook for Trade Owing to the Recent Labor Troubles.

[Special to the Herald by the Associated Press.]

MONTREAL, May 7.—For some time past the customs authorities have understood that the firm of Paterson, Kinsack & Co. were passing goods at a low valuation. Prominent General Thomas, Governor Abbott of New Jersey. Later Senator John Sherman, Congressman Grover and Congressmen Butterworth of Ohio, and Gen. Stewart L. Woodford also arrived and were elected to speak on the platform. Mayor Griggs had made temporary chairman and spoke briefly of the objects of the meeting. Resolutions were passed enjoining Griggs and the firm to make a full disclosure of the company's affairs. The resolutions will be presented to Messrs. Gladstones and Parnell by Mr. J. O'Donnaghue, who will sail with them for Liverpool to-morrow.

Life and Death.

NEW YORK.

## San Francisco Fruit Market.

The condition of the citrus fruit market in San Francisco is thus described by Lusk & Co.

Oranges.—Since our last postal, arrival has been light; but the market has continued groggy from the knocked out price of 25¢. Wholesale sales will bring good prices, and do not help to brace the price of good fruit.

This market may be a convenient dumping ground for the surplus of supplies, should not consist of low prices when they send the leavings here and shift the good fruit east. There are some who have shipped fruit to the coast, but that is not obtained here. The price of fruit is due to a considerable extent to the flooding of the market with windfalls and berries by other dealers.

We will not treat you if we cannot cure you. We have restored hundreds to health and comfort, and have been pronounced incurable by others.

Female, Rectal and Chronic Diseases a Specialty.

LIFE OR DEATH PILSES! NO CURE NO PAY

FISTULA, FISTURE, RECTAL ULCERS, cured without Cutting, Ligating, Burning or Medicines, by the new and safe D. C. HOFFMAN'S, Simple and Painless System of operating. No chloroform or ether used.

The HERALD officiates connected with the telephone system of the Los Angeles city and connects with all advertising or job work may be sent through this medium to workman.

The HERALD is the official paper of the city of Los Angeles. The city departmental tax lists and other municipal notices appear only in its columns.

**B. N. Bowe** is the Santa Ana agent of the HERALD.

Give Us a Short Campaign—  
Republican Difficulties.

It is to be hoped that the Democratic State Central Committee will call the primaries for the election of delegates to the coming Democratic State Convention not earlier than the 1st of September. The Republican Convention will be held on the 25th of August. The 10th of September is ample early enough for ours. It will be an agreeable thing to the average Democrat to note the progress of the little adjustments that will have to be arranged before the Republican vehicle can get fairly in motion without a destructive degree of friction. First there is the little variance with the temperance element of the party—a little speck of war now no bigger than a man's hand, but which may shortly overspread the whole horizon. The total abstineness of the party of "Great Moral Ideas" is becoming more and more exacting and peremptory in its demands. It was large enough to dictate the platform and nominees of the Republican party in 1882. Its ascendancy then brought disaster to the Republicans and a large portion of the organization was in favor of ignoring the prohibitionists altogether. Should the Republicans do this a prohibition ticket, which will draw nine-tenths of its support from the Republican party, will be the inevitable result. Should they fail to ignore the total abstineness people the liberal and cosmopolitan contingent of the Republican party of California, which may be safely put at from fifteen to twenty thousand votrs, will quietly march over to the Democrats. We do not see how this little field can be satisfactorily bridged over, and in this regard our Republican friends are "between the devil and the deep blue sea." Then there is the by no means trifling wrangle between the friends of Morris M. Estes and the adherents of Senator Leland Stanford. The latter, in his talks in the United States Senate, seems to plainly outline its purpose to command the chalice of humiliation to the lips of his adversaries. How they will stand it remains to be seen. That they will be forced to come to war cannot be doubted, and the extreme anti-railway men of the Republican party will be compelled either to revolt or, like mine ancient pistol, "eat their lock."

Then there may be signs of commission or omission in the Chinese question upon the part of our Republican friends. This is not the hardest of the rocks upon which they may split, and yet its facets are sharp enough. There is latterly a large element in the Republican party of California which objects to the somewhat drastic methods which may be found necessary in relieving this coast and nation from the intolerable scourge of Coolie labor. It is well that they should be heard on all these points, and that the Democratic party should have the benefit of the mistakes of its adversary.

All these convincing grounds it is well that there should be no undue haste in calling the Democratic State Convention. Then, besides, there are the common sense objections to the calling of an early meeting involved in the rigors of the Summer heats and the great hardships both to the people and the candidates of a protracted canvass. The new constitution having postponed the State elections, which were wont to take place early in September, till early in November, there is no reason why the Democratic State Convention should assemble earlier than the first weeks of September. Absolutely nothing can be lost by setting an early date, while much may be gained by adopting a late one.

By all means let us have a late Convention and a brief but spirited canvass!

## Free Transportation on California Wines.

5 Owing to the reduced freight of freight cars, the price of a barrel of California wine is now \$1.00 per barrel.

## OUR ASSESSMENT.

State Board of Equalization Heard from.

## ADVICE TO THE SUPERVISORS.

Great Difference Between the Appraised Value and the Assessed Value.

Yesterday afternoon Messrs. Markley and Morehouse, of the State Board of Equalization and Controller Dunn appeared before our Board of Supervisors and gave the latter named body some sage, fathoming advice, together with little data on the subject of valuation and assessment of property in this county, gathered by the members of the State Board during their sojourn in this region of the country. Mr. Markley acted as spokesman for the pirates who had invaded our territory, and made a short address to the Board of Supervisors. He said that it was the desire and intention of the Board of Equalization to make the assessment of property throughout the State as nearly equal as possible, and to see that each county bears its share of the burden of taxation. The Board had found that banks are taking mortgages on real estate advanced from fifty to sixty per cent of the value of real estate, and they had found that when the banks valued a piece of property offered for security at \$10,000, the Board had valued it at \$400. Another method which had been adopted by the Board, was to ascertain the true value of property, was to take the court records where appraisements had been ordered, and compare the same with the assessed value. He said that according to this method, it was found that each county paid a reasonable proportion of State taxes. The Board had collected little data, in fact, had examined the assessments of the various cities in Los Angeles county and compared them with the assessments. For the edification of the Board of Supervisors he produced to read a report of the Board of Assessors of the State of Avery, appraised at \$800, assessed at \$355. Estate of Gabell, appraised at \$6000, assessed at \$4570. Estate of S. H. Hardesty, \$5000, assessed at \$5000, appraised at \$1070. (Superior Rose said that this property was valued entirely too high— that it was worth \$2000.) Estate of C. C. Heinzman, appraised at \$5500, assessed at \$2920. (Mr. Rose said this also was appraised at \$1000.) H. W. Buck, of Pomona, appraised at \$1000, assessed at \$600. Estate of J. M. Allens, Santa Barbara, appraised at \$26,950, assessed at \$6,451. (Mr. Rose said that this appraisement was entirely too high.) Superintendent Hinsdale, who was one of the appraisers of this property and thought the valuation was about right, Estate of Patrick Mooney, appraised at \$2,000, assessed at \$125. Estate of J. T. T. Ross, appraised at \$1,772, assessed at \$550. Estate of A. Brawalter, appraised at \$447,950, assessed at \$224,425. Estate of Catherine W. Ross, appraised at \$15,000, assessed at \$15,000. Estate of N. H. Nordholt, appraised at \$75,355, assessed at \$48,644. Certain lots of estate of P. Banning, appraised at \$100,000, assessed at \$25,000. Mr. Markley said that the 100 lots of estate, appraised at \$784,475 and assessed at \$363,929. Twenty-six mortgages given to banks for amounts assessed and mortgaged, and some were paid off, and some were present, flatly untrue, as a result of the facts above. The property was assessed at \$1,772, assessed at \$550. The Hubbard tract is very long and high, to escape winter's rigors, a Hubbard I can't buy. No; it not for a dress, so smile and be happy, and make me the same dress you wear, and the Hubbard tract is the best lot to day at 10 A. M. Take the free bus from the Nadeau Block. It will be a good chance, and that neighborhood is delightful.

**The Highway Movements.**  
The live question of the day is still the route by which the Coast railway is to get into the Los Angeles Valley. All kinds of rumors fly wildly on the street, but it is hard to catch anything sufficiently tangible to put in print.

Yesterday was a great exception to this unsatisfactory state of affairs for several facts crawled out into the noon-light of the living day that are decidedly interesting. In the first place, Col. Fred. Crocker is to the fore at San Fernando. He came there in a special car and drove in a wagon to the front.

Again Judge Widney drove down from San Fernando, and discussed the finding of a route over the Santa Susana mountains, which is the best yet discovered from Los Angeles to Ventura. This route avoids the big tunnels and the heavy grades over the mountains, and offers supposed to be insuperable obstacles to the road coming that way as compared with the light grades of the route of Col. Crocker at San Fernando and his trip out over this route gives strong color to the report. Only something important would bring him here. Lastly, Mr. E. A. D. Morehouse, of the State Board of Equalization, came in yesterday from the western part of the county, where he has been making assessments of property. He told us the states set by the assessor for miles, and corroborates all the reports as to the grade and avoidance of the tunnels. He says, moreover, that the road out through the mountains is the best route, and that it is the best route. Another method which had been adopted by the Board, was to ascertain the true value of property, was to take the court records where appraisements had been ordered, and compare the same with the assessed value. He said that according to this method, it was found that each county paid a reasonable proportion of State taxes. The Board had collected little data, in fact, had examined the assessments of the various cities in Los Angeles county and compared them with the assessments. For the edification of the Board of Supervisors he produced to read a report of the Board of Assessors of the State of Avery, appraised at \$800, assessed at \$355. Estate of Gabell, appraised at \$6000, assessed at \$4570. Estate of S. H. Hardesty, \$5000, assessed at \$5000, appraised at \$1070. (Superior Rose said that this property was valued entirely too high— that it was worth \$2000.) Estate of C. C. Heinzman, appraised at \$5500, assessed at \$2920. (Mr. Rose said this also was appraised at \$1000.) H. W. Buck, of Pomona, appraised at \$1000, assessed at \$600. Estate of J. M. Allens, Santa Barbara, appraised at \$26,950, assessed at \$6,451. (Mr. Rose said that this appraisement was entirely too high.) Superintendent Hinsdale, who was one of the appraisers of this property and thought the valuation was about right, Estate of Patrick Mooney, appraised at \$2,000, assessed at \$125. Estate of J. T. T. Ross, appraised at \$1,772, assessed at \$550. Estate of A. Brawalter, appraised at \$447,950, assessed at \$224,425. Estate of Catherine W. Ross, appraised at \$15,000, assessed at \$15,000. Estate of N. H. Nordholt, appraised at \$75,355, assessed at \$48,644. Certain lots of estate of P. Banning, appraised at \$100,000, assessed at \$25,000.
